Commissioner William Mundell  
Arizona State Corporation Commission  
1200 West Washington  
Phoenix, AZ 85007

Dear Commissioner Mundell,

My family and I would like to express our gratitude for the decision of the Arizona Corporation Commission to approve a route for the new power line that does not run through our Magic Ranch subdivision. There has been the expected subsequent criticism of the commission's decision by the Mayor of Florence and possibly others who opposed your decision. We understand where that criticism comes from and want you all to know that we disagree with it. In rebuttal to any criticism of your decision, we would like to enclose a comment that Alan received from a lawyer, who is more familiar than us, with this issue and the members of the Corporation Commission:

"I know these Commissioners personally - they all have integrity, and when presented with credible evidence, will do what is right and in the broad public interest. Here is a public process that works, as evidenced by their decision".

We believe this comment to be a true compliment to the members of the Commission and it appropriately reflects our feelings. On behalf of our family, we want to express our heart felt thanks for your decision in this matter and particularly for the service you do for the people of Arizona. We want to especially thank you for your words of support and your vote to approve the amendment that changed the power line route.

Sincerely,

  
Alan W. Jorgensen
